# Shop Local

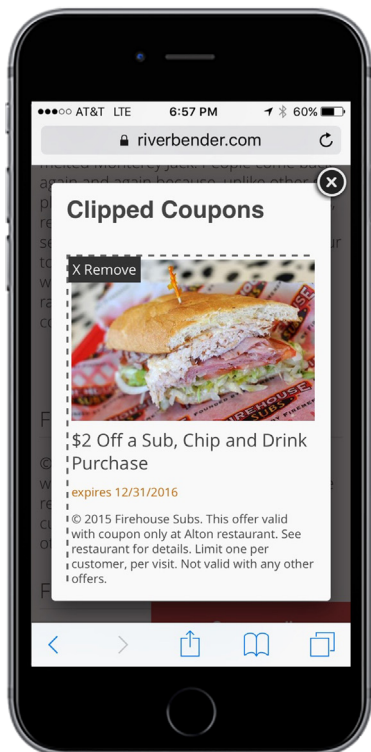

Coupons, Special Offers, and Discount Gift Certificates

## What better way to attract a new customer, than by creating an enticing offer?

Shop Local gives you the ability to reach out to new customers and to bring back those who have not visited recently. If needed you may set restrictions or fine print. You can even sell a discounted gift card.

Change your offer every 30 or 90 days. Feature your offer for only \$50 more, to be included in all Shop Local rotators, daily email blasts, on our Facebook pages, and of course on RiverBender.com and EdglenToday.com.

Most importantly, unlike a coupon with very limited space, this is a full-page ad, with full color photographs, and unlimited text to describe your business. Also included is a map with driving directions, and a link to your Facebook page and website.
